MESSAGE FROM THE COMMANDING OFFICER NAVAL UNIT

CAPTAIN KAPIL SHARMA

NCC is an important organization to bring ethos of discipline and community living in lives of students. PS PS GCW Gandhinagar has a tradition of giving best cadets to NCC, and Naval unit too has benefited generously from this tradition. I have personally seen this by the commitment shown by cadets while participating in various camps, local or National. Padma Sri Padma Sachdev was a pioneer in many ways. The high standards held by her, in many ways resonate with the motto of NCC. Many cadets from PS PS GCW Gandhinagar have gone on to emulate her achievements by achieving the highest and most coveted awards of NCC.

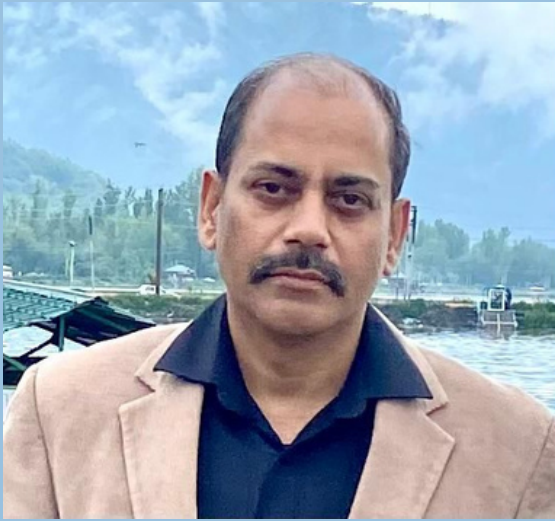

Naval way of life has remained a mildly understood thing in the parts of India where Indian Navy doesn't have a presence. Naval Unit, along with bringing the centrally held tenets of NCC to these regions, also gives a glimpse of Naval way of life. It prepares cadets for life in the open seas and the challenges associated with it. Although it is not possible to have exposure to the full spectrum, efforts are made so that cadets can catch a glimpse of it. Cadets lucky enough to participate in camps like Ship attachment, INA attachment etc do get exposed to this life and have only good words to say about it.

As we are reaching the middle of the training year, the pace of things is beginning to pick up too. Various ATCs are in the offing that will be held in CGN as well as Mansabal. These camps will be used to prepare cadets for the forthcoming All India Nau Sainik Camp as well provide a feed towards the prestigious Republic Day Camp. As always, effort is to identify cadets who have the will and capability to excel and act as torchbearers for their peers. I invite all such cadets to put their best foot forward and be part of a glorious tradition.

Why Choosing NCC A GOOD OPTION IN COLLEGE

The National Cadet Corps (NCC) is a voluntary organization for school and college students, aimed at nurturing disciplined and patriotic citizens. With its headquarters in New Delhi, NCC is a Tri-Services Organization comprising the Army, Navy, and Air Force. It provides basic military training and parades to cadets, equipping them with valuable skills and a sense of national pride.

NCC follows four cardinal principles: obeying with a smile, punctuality, working hard without fuss, and making no excuses or telling lies. Beyond physical and military training, NCC offers numerous advantages. It prepares individuals for careers in the armed forces, while also developing their physical and mental capabilities.

NCC also fosters personal growth by nurturing leadership traits, improving communication skills, building courage and confidence, and promoting cultural exchange. It enables cadets to interact with peers from different states, breaking down language barriers and fostering national integration. Moreover, NCC organizes camps and programs like the Republic Day Camp (RDC) and National Integration Camp (NIC), providing unique opportunities for cadets to showcase their abilities and meet distinguished personalities.

In conclusion, participating in NCC offers valuable benefits for college students, such as personal growth, physical fitness, leadership development, and exposure to diverse cultures. While the decision to join NCC ultimately rests with the individual, considering the advantages it offers can help students make an informed choice.
