Canteen facility as a Staff Welfare Measure:

Staff welfare plays a crucial role in fostering a positive work environment and ensuring the well-being and satisfaction of employees in any organization, including educational institutions like colleges. Recognizing the significance of staff welfare, colleges strive to provide a supportive and conducive atmosphere that promotes the personal and professional growth of their faculty and staff members.

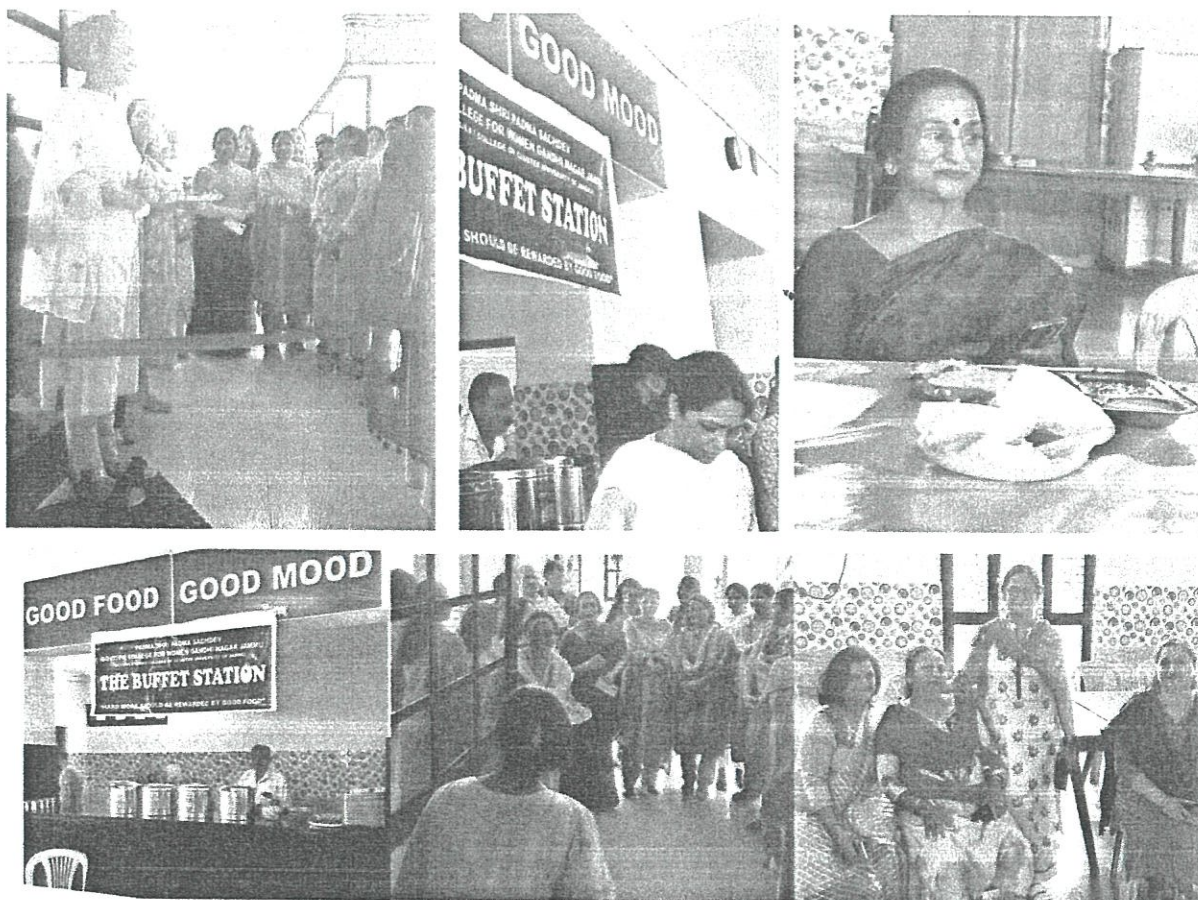

According to ILO, "Employee welfare should be understood as such service, facilities and amenities which may be established in or in the vicinity of undertakings to enable the persons employed in them to perform their work in healthy and peaceful surroundings and to avail of facilities which improve their health and bring high morale." The pivotal function of Human resource management is to implement practices that enhance the satisfaction of employees with their jobs. Financial incentives alone are insufficient and they cannot stand alone, and they must be supplemented by other forms of incentives (Rousseau and Ho, 2000; Towers Perrin, 2003; Bates, 2004). This is due to the fact that their benefits are inadequate and sometimes limited to meeting individuals' biological needs, and they have no influence once needs have been met. Therefore employers must also provide non-financial incentives in order to increase employee productivity. Employees expect both financial and non-financial rewards for their services and efforts. The financial rewards include pay, bonuses, allowances, insurance, incentives, promotions and job security, whereas the non-financial rewards include appreciation, meeting the new challenges, caring attitude, and recognition from the employer.

In a college setting, staff welfare initiatives encompass a wide range of programmes and policies designed to address the diverse needs of employees. These initiatives aim to enhance their physical and mental well-being, foster a sense of belonging and inclusion, and create opportunities for professional development and work-life balance. Colleges often establish comprehensive staff welfare programmes that include elements such as Health and Wellness, Professional Development, Work-Life Balance, Recognition and Rewards, Communication and Feedback, Work Environment etc. By prioritizing staff welfare, colleges can cultivate a motivated and dedicated workforce. Employees who feel supported and valued are more likely to contribute their best efforts and create an enriching educational experience for students. Staff welfare initiatives in colleges serve as a foundation for fostering a positive work culture and achieving collective success.

At P.S.P.S. Govt. College for Women Gandhinagar, Jammu, we understand that our faculty members play a pivotal role in shaping the future of our students, and it is imperative that we provide them with an environment that fosters their well-being. A significant step has been taken in this regard by inaugurating a canteen "Buffet Station" dedicated to the staff members of the college on 6th September, 2022. The inauguration of this is a testament to our commitment to the faculty's welfare and our continuous efforts to enhance their overall experience at the College. We believe that a subsidized canteen facility will not only provide convenience and affordability but also promote social interaction and foster a sense of community within our college. It will serve as a space where faculty members can come together, relax, and enjoy nourishing meals.

By providing a comfortable and convenient space for meals, we aim to improve employee satisfaction, foster a sense of belonging, and promote a healthier work-life balance. We

Inauguration of "Buffet Station" Marks a Milestone for Staff Wellness at P.S.P.S. GCW Gandhinagar.

P.S.P.S. GCW Gandhinagar proudly announces the inauguration of its faculty canteen, Buffet Station, a significant step towards enhancing staff wellness and fostering a thriving community within the institution. The newly established canteen aims to provide an enriching dining experience for the esteemed faculty members, catering to their nutritional needs while creating a conducive environment for growth and development.

The inauguration ceremony, held on 6th September, 2022 was attended by Prof. Minu Mahajan, Principal of the College, faculty members, and non-teaching staff. The event commenced with a warm welcome by Prof. Mala Bhasin, staff secretary, expressing heartfelt gratitude towards Principal Ma'am for taking such initiatives for the welfare of the staff members.

Speaking at the inauguration, Prof. Minu Mahajan, Principal of the College, expressed her excitement about the new facility, stating, "The faculty canteen represents our commitment to the holistic well-being of our esteemed faculty members. By providing a nourishing dining experience and fostering a sense of community, we aim to create an environment where our staff can thrive both personally and professionally. We believe that the canteen will serve as a vibrant space for faculty members to recharge, connect with colleagues, and find inspiration."

To ensure convenience and accessibility, the canteen will operate during regular college hours, providing breakfast, lunch, and Evening tea options. The purpose will be to provide a nutritious and wholesome meal to the staff members in the College campus. The menu will include local delicacies along with others to add variety on the table.
